

Juergen

The APEL40 Clamshell labeler we purchased from you is a fantastic fit for our facility. We integrated the machine into our line and it was a seamless process. The video you created made the install and training almost effortless. The labeler is easy to use and Ruben, our production manager is walking around with a smile on his face.

It was a great pleasure working with you on this project and even a greater pleasure to receive such a great piece of equipment.

Thank you Juergen, based on functionality and your great service I know you will sell a lot of these labelers.
